The first thing I noticed
 when I stepped out onto the
 deck was the fresh air. It was
 so different from the stale
 air of the city. I had heard
 that the ocean was beautiful,
 but I didn't realize how much
 I needed it. The waves were
 gentle and soothing, and the
 sun was just what I needed
 to warm my skin. I had
 heard that the water was
 clean, but I didn't know
 how good it would feel. I
 had heard that the people
 were friendly, but I didn't
 know how much I needed
 to be around them. I had
 heard that the food was
 delicious, but I didn't know
 how much I needed to eat
 it. I had heard that the

RECORD OF EVENTS.

The first of these is the
 fact that the population of
 the United States has
 increased from 3,900,000 in
 1790 to 100,000,000 in 1960.
 This increase has been
 accompanied by a corresponding
 increase in the number of
 people living in cities and
 suburbs. In 1790, only
 1% of the population lived
 in cities. By 1960, this
 figure had risen to 75%.
 The second factor is the
 fact that the average
 family size has increased
 from 5.1 in 1900 to 3.2 in
 1960. This increase has
 been due to a number of
 factors, including the fact
 that women have more
 control over their own
 fertility, and that the
 cost of raising children
 has decreased.

I am very
Dear Sir

Mr. W. W. [unclear]

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the Treasury Department and the various duties which it involves. My qualifications for such a duty I believe you will find to be a very good one. I have been engaged in the same for some time and have been able to perform them very well. Fort Sumter, May 15, 1863

Major H. H. Echols.

Chf. Eng. S.

Major.

Allow me to
ask your recommendation in favor
of Mr. Lieut. H. Babbitt of La.
who desires a commission in the
Engineer Troops now organizing.

I saw a good deal of Mr. B.
on the works at Secessionville last
year, and was pleased with his en-
ergy and judgment in the construc-
tion of those works he was assist-
ing the Rebels in. I understand
Mr. Babbitt has some training as an
Engineer - before the war, and have
no doubt he will make a valua-
ble officer in the new organization.

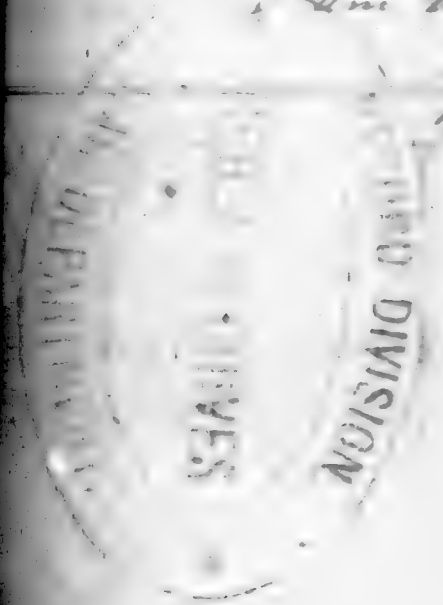

Respectfully yours.

Thos. Johnson.
Lt. Engineer.

I am still in the 'employ of Prof
Echols. My Engineer of S. Ca and
respectfully ask your attention to
following recommendations

I am very respectfully

Yours Obedt servant
(Chas. M. Babbitt)

Recd & a/c June 1. 13

Charleston May 18th 1863

To Col Palmer

Chief of Eng^y. Bureau. Richmond,

Col I have the honor to reply to ask

your consideration of an application sent
in July 1862 through Mr G. B. Newman
of New Orleans to Hon^{ble} Mr Benfante

then Sec^y of War, also to another to Hon^{ble}

Mr Randall in Sept 1862 through

Senator Sparrow of La: with recommen-
dations, for commission in Eng^y. Corps

I beg leave to say that I am a native of

Miss^{ssi}. graduated with second honor at

School of Engineering Harvard University

in August 1858. since then, previous to

the war, was Lieut Eng^y. in Concordia Parish

La. under Capt Wm C. Curtis late of U. S. Army

was detached on 25th Oct August from

Co E 4th La Batt^y by Genl. Pemberton on

application of Mr James P. Barber then Eng^y. in

charge at Vicksburg Miss^{ssi}. also with assistant

Surgeon, Capt Howard, afterwards in charge

of construction of works on James Island

Dear Sir,

I have the honor to acknowledge the receipt of your letter of the 17th inst. in relation to the above named matter.

Charleston May 15th 1863

May. Wm. H. Echols

Mayor

I take great pleasure
in recommending Mr. Chas. H. Babbitt
for whom as an Engineer of ability &
energy I entertain a high opinion
Mr. B. was detailed by Genl Pemberton
upon my application for him as an
Assistant, when I had charge of the
works at Secessionville James Selous &c.
My association then with him only
increased my respect for his qualifi-
cations and satisfied me that he would
make an useful Officer in the new
organization of the Engineer Corps. I
very respectfully ask your recommen-
dation in his behalf for commission.

I have the honor to be
with great respect Sir
Yours &c.

Mr. James A. Clinton
P. O. Box 57
Natchez, Mississippi

Dear Mr. Clinton:

Reference is made to your letter of 13 October 1952, here-
with returned.

The records show that Charles W. Babbitt, a private of
Company E (Natchez Rifles), 4th Battalion Louisiana Infantry,
Confederate States Army, enlisted 15 August 1861 at Natchez,
Mississippi. The company muster roll for January and February
1864, shows him "Promoted to 1st Lt. Engre Aug. 1, 1863."

He subsequently served as 1st Lieutenant of Company B,
1st Regiment Confederate Engineer Troops, Confederate States
Army. The company muster roll for 30 April to 31 August 1864,
latest on file, shows him present, a 1st Lieutenant. No later
record of him has been found.

This collection of records is by no means complete, and
failure to find the entire record of Confederate military
service does not indicate necessarily that an individual did
not serve at some period not covered by the records.

Sincerely yours,

WM. E. BERGIN

New Orleans 22 July 1862.

Hon. J. S. Benjamin.

Dear Sir. Richmond Va.

I beg leave to recommend to your consideration for appointment in some corps of Engineers Mr Charles W. Babbitt born and resident of Maryland. May, now a private in the "Maryland Rifles" Co. C. 4th La Battalion near Jerusalem: Ga.

Mr Babbitt is about 24 years old, and of good constitution, is of fine moral character and unexceptionable in all respects.

He is a graduate of Harvard College and took the second honor in the Engineering Class under Professor H. G. Everts, who is himself a distinguished graduate of West Point.

Mr B. has a practical knowledge of his profession, having been for the last two years and at the time of joining the Co. the senior Engineer of Concordia Parish La.

I can furnish you abundant testimonials for Mr Babbitt, and feel interested in his success as a private nephew, whom I esteem, and whom will make his mark if he has a chance. Still much respect

Yours &c

REMARKS.

NOTES.

- The amount of any money pay for which the soldier may be entitled, or for as being received as Soldier's pay, and which may be still due him, must be carefully noted.
- In the column headed "Bounty Paid," must be entered the whole amount actually paid him in that of "Bounty Paid," the whole amount of his bounty paid by State authorities, and not by the United States, will not be entered on this statement.
- Receipts for losses or damages done to arms or other public property must be noted, and the amount, and particular damage to each, specified. When receipts are due, either instance of a receipt for the loss of the same must be entered here, and the amount already stated must be carefully noted.
- In every case of discharge, the date and that of delivery or approval, must be given, together with a correct statement of the order of discharge or pardon.
- A careful statement of the man's CLOTHING ACCOUNT must be made to date, and the amount paid on, or from his own pocket, must be stated.
- Should the man have been engaged in any action or service, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of duty.
- If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay for it, having been so engaged on his own horse.

[A. G. O. No. 93.]

- When a soldier is furnished with final statements, his descriptive list, if he has one, must be taken up by the officer who gives the soldier these statements, and entered with a statement to the effect by the officer. This statement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the outfit who will cause all the data necessary to a full statement of the soldier's account on the muster roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The statement of this is that the remaining portion of the soldier's account may be located upon the receipt of these statements, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statement from the fact that his descriptive list is incomplete. These accounts for back pay due, are settled by the Adjutant of the Treasury Dept.
- Where a soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to duplicate, to the Adjutant General, Washington, D. C.

- Men drafted will be considered as mustered in from the date of their draft, and will be considered for pay on the same scale for Volunteers. Their pay certificates on the day they receive for duty under their arms, from the Muster Master, what date should be noted on the first Muster Roll under the heading of "Remarks." On the "and Enrolled" column, under the heading "Joined for Duty" will be written the date of draft or enlistment, as the case may be, and under the heading "Where Mustered in" will be given the date upon the soldier was drafted, or if a volunteer, when enlisted, substituted, under the heading "Where Mustered in" will be given the date upon the soldier was enlisted, under the heading "By whom Mustered in" will be given the name of the Muster Master from which he was drafted, and the State to which he belonged, thus: (at D. Mass., meaning the Enrollment District, State of Massachusetts). Or if a volunteer, the name of the officer enlisting him. When enlisted by Board of Enrollment, the name of the President Member of the Enrollment District.
- A separate descriptive list should be given for each man.
- Descriptive lists must, in all cases, be signed by authorized officers, not by enlisted men acting as such.

I CERTIFY that the above is a correct transcript from the Records of

I, *James M. Rickham*, in full possession of my mind and faculties, do hereby acknowledge that I am a Soldier in the Army of the Confederate States of America, to serve for the term of *3 yrs. or War*, unless sooner discharged by proper authority. Do hereby accept such pay, rations, and clothing, as the law may be established by law. And I

James M. Rickham do solemnly swear, that I will bear true faith and allegiance to the Confederate States of America, and that I will serve them honestly and faithfully against their enemies or opposers whomsoever; and that I will observe and obey the orders of the President of the Confederate States, and the orders of the officers appointed over me, according to the Rules and Articles of War.

Dear Sir

I have the honor to introduce Mr.
Buckham, who will wait upon you at
this hotel. - His acquaintance I had the
pleasure to make at the Institute, at
the recent enumeration, in which it was
his privilege to pass high distinction. -
He is most worthy of confidence and
respect, and, with his numerous
friends, I shall be gratified by his
admission in the Egyptian department.

Remark:-

The Los Angeles Times reported that the S. A. arrested the organizer April 1, 1934 and that he was released after a few months under the supervision of the S. A. In order to act as a confederate of the organizers, A. J. S. was transported from Chicago to Los Angeles in 1934. He was released from the Federal House of Detention in Los Angeles and transferred to the Los Angeles County Jail. He was released from various states in 1934 and 1935.

Mrs. Francis Holand
705 Center Street
Ashland, Virginia

Dear Mrs. Holand:

Reference is made to your communication of recent date,
herewith returned.

Due to the number of requests for Confederate States
Army records, it has been found necessary to limit the number
to any one applicant to two.

The records show that James C. Cooke, a private and
sergeant of Company G, 4th Regiment Virginia Cavalry, Confederate
States Army, enlisted 9 May 1861 at Ashland, Virginia, aged
23 years and residence Manover County, Virginia. The company
muster roll for March and April 1864, latest on file, shows
him present. His name appears on a record of the Invalid Corps,
Provisional Army Confederate States, which shows he was retired
4 March 1865. He was paroled 25 April 1865 at Ashland, Virginia.

The records show that William W. Blackford, a 1st Lieutenant
and Captain of Companies B and L, 1st Regiment Virginia Cavalry,
Confederate States Army, entered the service 14 May 1861 at
Abingdon, Virginia. The company muster roll for January and
February 1862 shows him "absent on recruiting service since the
14th Feb. 1862." He was appointed Captain, Corps of Engineers,
Confederate States Army, 26 May 1862 and assigned to the
Engineer Bureau. He was appointed Major, 1st Confederate
Engineer Troops, Confederate States Army, 4 February 1864, to
take rank 19 January 1864 and was promoted to Lieutenant Colonel,
to take rank 1 April 1864.

AGAF-01/BJP

30 April 1952

The Field and Staff muster roll for September and October 1864, latest on file, shows him present. He was surrendered by General Robert E. Lee, Confederate States Army and paroled 9 April 1865 at Appomattox Court House, Virginia.

Sincerely yours,

K. B. BUSH
Major General, USA
Acting The Adjutant General

Dear Sir

Having learned that appointments are to be made of engineers in the Confederate service, I do hereby make application for such appointment and herewith present my testimonials of fitness for such post.

Very respectfully yours
C. L. Bolton

To H. H. Thompson
Secretary of War's
Richmond Feb 7 1862

I have the honor to recommend Mr. Bolton for the appointment which he desires. His father is a distinguished physician of this City, and the education of Mr. Bolton has been with reference to the engineering service, in which he has been employed for some months on the works around the City.

H. H. Thompson

I hope that you will favourably consider
his application and beg to remain

Very respectfully

Yours truly

Colonel.

Mr. Channing M. Bolton,
at present a resident Engineer upon this work,
proposes to apply to you for a position in the
Engineer's Brigade to be formed.

I most cordially give him the full of whatever
weight my recommendation may possess. He has
been with me for more than twelve months and
during that time has entitled himself to
my warmest commendation, being intelligent
very industrious and conscientious, active
and enduring. His mathematical knowledge
is by no means limited and he has rendered
himself familiar with the use of the instruments
and the usual calculations. He is not a draughts-
man but is ready in the comprehension of
drawings. As you will see I have a very high
opinion of him, and should dislike exceedingly
to part with him, but wish to promote his
advancement. His age is twenty years. He
applies for a Lieutenant's Commission.

Richmond April 25th 1863

Hon James A. Seddon

Secretary of War.

Sir,

I take pleasure in adding my testimonial to others in behalf of Mr Channing Bolton (son of Dr James Bolton of this City) who I am informed is an applicant for a 1st Lieutenantcy in one of the Companies to compose the Engineer Brigade recently authorized by Act of Congress to be organized.

Mr Bolton was employed by me in the year 1862 as Assistant on the fortifications around this City in which capacity he served some time voluntarily and without compensation of any kind from the State or Confederate Government. I found in him a competent, faithful and energetic aid, and one of steady and correct habits.

He subsequently received from Capt Myers a position in one of the Engineer parties organized for the preliminary surveys and final location of the Piedmont Rail Road, and from that date to the present, has been, and is still connected with and has charge of as I understand, the construction of a portion of that important work.

From the experience which Mr B has had on the works referred to, and the knowledge I have of his character &c I do not hesitate to recommend him to your favorable consideration for an appointment

I am very respectfully

Yours &c

Mr. Chamberlayne Bolton, son
of Capt. James Bolton of this City,
has recently received a letter from
one of his acquaintances, now on duty
I believe, at the Peninsula, informing
him that more assistants in the En-
gineer Department, were required
at that point. Mr. Bolton is anxious
to obtain some employment in this
service and I have therefore advised
him to make known his wishes on
the subject to you. He acted in the
capacity of Volunteer Assistant in the
Engineer Department on the Richmond
defences, in the months of August &
Sept last, and from the opportunity

thus afforded of judging of his
character & qualifications. I can
safely recommend him for a similar
position in the Corps. I may add that
during the period just referred to
he received no compensation whatever
for his services, and for this additional
reason, that his present appli-
cation may receive greater favor &
consideration at your hands.

Col. E. J. Hawes

Inspector General

Dept of the West

Colonel

The recent death of
General D. Nelson and the assignment of Maj. Genl. Maury
to the command of this Department will probably
throw me out of my employment.

Regarding my case as somewhat hard in its
character I wish to lay it before you as my imme-
-diate superior officer and ask your advice and assistance.

I have served nearly since the commencement
of the war - either in State or Confederate Service - as
private in Infantry Captain and Colonel of Cavalry, and
as Inspector in D. Nelson's Brigade. To the last
position I was assigned on the 1st of Sept. 1862 under
Genl orders from General Bragg requiring Brigade
Commanders to appoint Asst. Inspt. Genl. to their commands
in this capacity and as Division Inspector I served
until 7th of February 1863. I made no effort to draw
pay until January 1863, when I ascertained that

The Paymaster did not recognize my appointment.
I then made application for appointment in the Asst.
Sul's Dept. to be assigned to duty as "Inspector of
Sul's Division's Brigade. The application was
strongly recommended by Genl. Donelson and
Cheatham, and perhaps by General Bragg. Genl. Donelson
told me then not to join the army.

Shortly after General Donelson was assigned to
the command of this Department in making his
staff nominations, he recommended me for my present
position as a "high toned honorable gentleman" and as
"an officer who had shown himself capable, faithful &
efficient."

A short time after assuming the discharge of my
duties in this Dept. I forwarded to the War Dept.
with a hearty approval from Genl. Donelson the letter
of recommendation, which you kindly gave me.

To all these applications and recommendations
there has yet been no response.

During this time - seven months - I have been
obliged to pay my own expenses, which have not been
light, and furnished my own horses - one of which I
rode down, and rendered almost useless, in the

discharge of the duties of my office as Inspector
during the campaign in Kentucky last fall.

For my services, during two years, I have
received not quite five months pay as a private, and
I am now, I suppose in danger of conscription
and death.

Six years before the war, I graduated first in
my class - at the Gen. Mil. Institute, and was offered
the position of Comd't of Cadets at that Institute.

From that time until the war broke out I was
engaged principally in Civil Engineering in Florida.

I desire to remain in the service, and am willing
to serve in any capacity that I may be qualified for,
but I should regret to be compelled to enter the
ranks.

I am Colonel

The 10th Annual Conference of the American Society of Mechanical Engineers (ASME) was held in New York City, New York, on November 10-11, 1964. The conference was organized by the American Society of Mechanical Engineers, Inc., and was held at the New York Hilton Hotel. The conference was attended by approximately 1000 engineers and scientists from various countries. The conference was organized into several sessions, including a general session, a technical session, and a social session. The general session was held on November 10, 1964, and the technical session was held on November 11, 1964. The social session was held on November 12, 1964. The conference was a success and was well attended. The American Society of Mechanical Engineers, Inc., is a non-profit organization that promotes the advancement of mechanical engineering. The society was founded in 1880 and has since then become one of the largest and most influential organizations in the field of mechanical engineering. The society's main purpose is to promote the advancement of mechanical engineering through research, education, and the publication of technical papers. The society also provides a forum for engineers and scientists to discuss their work and to share their knowledge. The society's activities are supported by a number of member organizations, including the American Institute of Mechanical Engineers, the American Society of Heating, Refrigerating and Air-Conditioning Engineers, and the American Society of Mechanical Engineers, Inc. The society's headquarters are located in New York City, New York. The society's website is <http://www.asme.org>.

Hon A N Phelps M.C.

Dear Sir

You, promise when
drawing us that you would
make an effort to get Mr
Horne to leave the position
of S. & C. Engr. but I am
sorry to report that you are
it possible even that position
for him as he has served for
a long time in the Engineer
Corp. and without a commission, I therefore
think that he deserves the
position. It will perhaps be
important for you to know that
a S. & C. Engr. appointed from the
C. & O. Railway has just been in the
Army, this will leave one vacancy

Col. A. L. Rice
Adj. Gen. Engr. Bureau

Col.

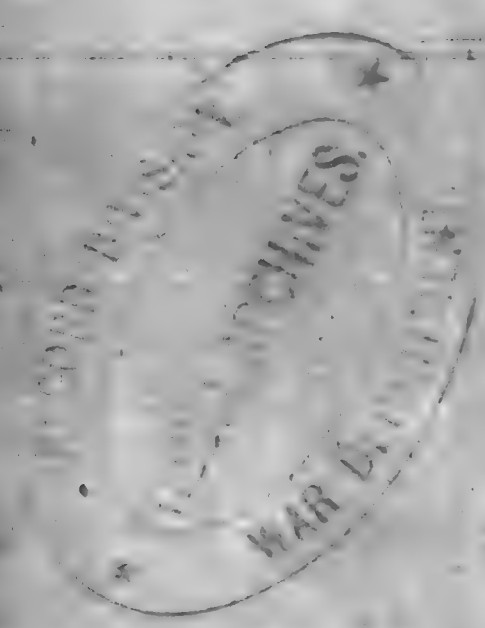

I take the liberty of troubling
you with a private note, in reference to my
transfer from Engr. Corps to Engr. Corps. Upon Col.
Smith's return from Richmond, some weeks since,
he told me he thought it was all right & would
be done, but it now appears it was not, and the
Dept. having report for duty, I am looking
for an order to report thereto, & that on foot.
Now Col. I assure you that I can't stand marching,
require a commission as Capt. of Infantry, two years
since on that acct., & while I am ready to
do my duty as far as I can there or elsewhere
I feel that I am not asking too much in this
transfer, having been in this department since
Dec^r 1861 & am desirous to have done good service
& I think the maps, now in this off^e which I have
compiled & have have been ready for the field,
also justify me in requesting this transfer.
I have taken no exercise for two years & more
& to start out on foot will be more than I am capable

Feeling that I can be much more useful
here than there & having the conscious-
ness that my request is not an uncon-
-reasonable one, I await anxiously
your reply.

I am, Sir, Very Respectfully

The last 10 years have seen a rapid increase in the number of people who are interested in the study of the human mind. This is due to a number of factors, including the development of new techniques for studying the brain, the discovery of the role of the brain in behavior, and the growing interest in the study of the mind in the general public.

Figure 6

Comparison of the effect of the different parameters on the maximum value of the normalized stress intensity factor ($K_{I\max}$) for the three cases.

The figure shows three bar charts labeled (a), (b), and (c). Each chart plots $K_{I\max}$ (Y-axis, ranging from 0 to 1.8) against various parameters (X-axis).

(a) Comparison of the effect of the different parameters on the maximum value of the normalized stress intensity factor ($K_{I\max}$) for the three cases. The X-axis categories are: α , β , γ , δ , ϵ , ζ , η , θ , ϕ , ψ . The Y-axis ranges from 0 to 1.8. Three bars are shown for each category, representing the three cases.

(b) Comparison of the effect of the different parameters on the maximum value of the normalized stress intensity factor ($K_{I\max}$) for the three cases. The X-axis categories are: α , β , γ , δ , ϵ , ζ , η , θ , ϕ , ψ . The Y-axis ranges from 0 to 1.8. Three bars are shown for each category, representing the three cases.
